

WMF Cutlery

Life Tastes Great.

For over 150 years WMF has developed products that make life more enjoyable. The brand is known for its imaginative range of articles for the kitchen and dining table and for its reliable quality. WMF has a Worldwide reputation as a hallmark for quality and as an embodiment of a sophisticated dining culture.

WMF cutlery stands out for its high-grade materials, its first class workmanship and its well-engineered product development. WMF cutlery is trend-setting in terms of design through the cooperation with internationally recognised designers.

High quality cutlery is recognisable in the details. For example in the material. WMF cutlery is made of Cromargan. WMF cutlery is completely hygienic and dishwasher safe.

The knives have an inserted blade made of forged special blade steel. This makes the blade hard with a durable cutting edge and keeps them flexible.

Not just the quality, the design too, makes WMF cutlery so outstanding. WMF cutlery has received awards Worldwide for design.

WMF offers a large variety of cutlery models to suit every taste.
